

The Montessori School  
of Winston-Salem

## Community Meeting September 9, 2009

Facilitator: Amy Leander

Scribe: Thomas Hudspeth

- ❖ Guidelines for community meetings were reviewed
- ❖ Additional agenda items were invited; none were added
- ❖ NLI Update by Angela Manning
  - ◆ Angela referenced the necessity to identify priorities, logical progression of development in a written document; drainage issues will come early in planning and development.
  - ◆ The written document as mentioned above could be large and would probably be on display (or available to be reviewed) at school. A possibility if a PDF file online.
  - ◆ Funding
  - ◆ Outdoor curriculum will develop “organically” as plans develop
  - ◆ Parent volunteers will be needed
  - ◆ “Overflow Parking” was mentioned as an issue that has made progress in the last year and that keeping this issue in mind as we develop the campus needs to remain in our minds (and hearts)
    - Could we use the extra exit/entry way during highly populated events?
- ❖ Despite the current economy, TMS is enjoying record enrollment
- ❖ Discussion about Community Sings. Families are always invited; musical, instrument playing parents/family are invited to join the band
- ❖ Upcoming event of note: 9/21 Song for Peace around the World for United Nations Day of Peace
- ❖ Parking Lot Items
  - ◆ Large function traffic flow
  - ◆ Acoustical Panel Update
  - ◆ Annual School Update to be given
